

STEGALL CATTLE CO.

SECOND ANNUAL

FALL BULL SALE

SUNDAY SEPTEMBER 24, 2023

COLUSA, CALIFORNIA

STEGALL S7 RANCH

Welcome!

Todd & Taylor Stegall - Case & Hayes

Dear Fellow Cattlemen,

I hope this letter finds everyone enjoying a prosperous summer/fall season. It's truly remarkable how much can change within a year. The record rains and soaring cattle prices have brought a fresh energy and optimism to cattlemen across the region. The past winter's abundant rainfall has been a blessing for countless family ranches, providing much-needed relief.

With record-high cull prices, cattlemen are presented with an invaluable opportunity. The ability to trade in older bulls at a premium offers the chance to enhance the genetic potential of your herd with new, superior herd sires. This fall, we have curated a selection of bulls and heifers that embody the potential for profitability.

While the allure of black-hided cattle is undeniable, I urge fellow cattle producers to consider what truly drives profits: the cow. The backbone of any successful operation, the cow's fertility, productivity, and genetics shape the future of your herd. Our offerings this year reflect this sentiment, emphasizing the traits that matter most to commercial cattlemen.

As you delve into this catalog, you'll discover a diverse range of Angus, Red Angus, and SimAngus genetics. Each animal has been thoughtfully selected to align with the unique demands of the modern cattle industry.

I invite you to engage with us, whether you're a repeat buyer or exploring our offerings for the first time. Feel free to reach out with any questions.

Thank you for considering Stegall Cattle Company as your seedstock supplier. We are grateful for the opportunity to work with fellow cattlemen on their journey to producing beef for the American consumer.

Warm Regards,
Todd Stegall
